This certificate is part of the A.S. Social and Human Services degree.

This certificate program will focus on broad introductory principles of human behavior specifically the effects of behavior on practice and policy and the roles of human service workers in various settings within the community.

Community Health Workers are frontline public health workers who help individuals and communities adopt healthy behaviors. They conduct activities for health and social service organizations to promote good health-care practices, and facilitate access to community services.

Refer to the [College Credit Certificate](#) overview page to find information about admission, graduation, general education and other requirements.

Visit the [program page](#) for more information.
